**McCreadie Group Announces Expansion into
International College of Pharmacy Market**

***JSS College of Pharmacy, Mysore selects
PharmAcademic as software of choice for education program.***

FEBRUARY 16, 2016 – ANN ARBOR, MICH. – McCreadie Group is pleased to announce that JSS University, Mysuru - Colleges of Pharmacy - Mysuru and Ooty, India, has selected PharmAcademic to help streamline the organizational, implementation, supervision and assessment activities of the institution's Pharm.D. program. The school will be the first international college of pharmacy client for the McCreadie Group and the first in India to adopt software to enhance the management of their pharmacy education program.

JSS colleges of pharmacy campuses are pioneers in pharmacy education in India having introduced the discipline of pharmacy practice at the postgraduate level in 1996. They are committed to becoming a center for excellence in pharmacy education with the objective of strengthening the health care of the country.

"We intend to use PharmAcademic for planning, executing, monitoring and assessing the activities of experiential education and training in our Pharm.D. program," stated Dr. G. Parthasarathi, Dean of the Faculty of Pharmacy, JSS University, Mysuru. "The features of PharmAcademic are found to be very comprehensive, user friendly and customizable, as well as offering robust reporting and data management. Our students and preceptors are excited and very eager to use this technology," said Dr. Parthasarathi.

"We found the responsiveness of McCreadie Group's corporate office and technical support team phenomenal during the demonstration session and licensing process," added Dr. Arun KP, faculty member of the University.

PharmAcademic is web-based technology used by leading colleges of pharmacy to lend efficiencies to the management of curriculum, courses, experiential education and assessments. The product's integrated design facilitates efficient collaboration by providing access to a multitude of reports and enabling sharing, combining and analysis of data.

"The decision to expand into strategically selected markets outside the U.S. will enable us to participate in the important goal of developing competencies in pharmacy students in other countries. The dedication of JSS to becoming a pharmacy practice leader with the objective of strengthening the health care of the country aligns well with our focus on the needs of pharmacy educators, residency program directors and researchers," said Scott McCreadie, president of McCreadie Group. "2015 has been a year of significant growth for the company and, as 2016 unfolds, we are thrilled to welcome our first international college of pharmacy."

About JSS University Colleges of Pharmacy, Mysuru and Ooty

Since 2008, JSS University, Mysuru is offering a Pharm.D. program in its two campuses situated at Mysuru and Ooty, both having more than three decades of academic and research excellence. The Accreditation Council for Pharmacy Education – International Services Program (ACPE-ISP), USA, has granted certification to the Pharm.D. Program of JSS University offered at Colleges of Pharmacy, Mysore and Ooty. This is the first Pharm.D. program to receive the certification, not only in India but also in Asia–Pacific Region. These colleges experiment, experience, excel and establish standards for the Pharmacy Practice curriculum, teaching, training, assessment and thus are positioned as renowned Pharmacy Education, Training and Research Institutions in India.
