McCreadie Group Receives FastTrack Award for Third Consecutive Year

Ann Arbor-based pharmacy software solutions company awarded Ann Arbor SPARK FastTrack award for accelerated growth and revenue for three years running

NOVEMBER 24, 2015 – ANN ARBOR, MICH. – McCreadie Group, Inc., an Ann Arbor-based pharmacy software developer, was recognized for outstanding business success when SPARK recently presented its annual FastTrack awards to 14 Washtenaw County-based companies that have demonstrated fast growth.

McCreadie Group has delivered compelling and valuable web-based tools that improve efficiency, facilitate compliance and enhance outcomes for research pharmacies, residency programs and pharmacy education for more than ten years. In doing so, the company has created jobs and made a positive contribution to the region's economy.

"It is very gratifying for our company to be recognized with a FastTrack award again this year," said McCreadie Group founder and president, Scott McCreadie. "By continuing to listen to the needs of clients, we are planning strategic enhancements and growth and hope to be on the FastTrack winners' list again next year."

McCreadie Group has strategically grown from its start in 2004 as a software source for clinical documentation and investigational drug service management to a well-recognized supplier of cloud-based pharmacy software for many of the most highly respected research pharmacies, colleges of pharmacy and accredited pharmacy residency programs in the country. McCreadie products are powerful, intuitive tools that enable autonomy when clients want it, while its service model gives them access to responsive support professionals when they need it.

A video featuring this year's FastTrack winners can be seen at the Ann Arbor SPARK website at www.annarbor-usa.org/about-us-news, or on the YouTube video titled *Ann Arbor Region Companies Win 2015 Ann Arbor SPARK FastTrack Award*. (<https://www.youtube.com/watch?v=CTHRN7sxnpc>)
